An even/odd schedule has been adopted to allow longer water times for each homeowner; this adds the benefit of being able to water deeper when water is applied.

This schedule has worked well for a number of years now, but with one caveat; homeowners must not water outside of their assigned time. Watering outside one's assigned time reduces water pressure to your neighbors downstream. Each year, the time slots are moved forward by one watering period as some periods are more desirable than others.

Exception to the schedule: months which have 31 days (May, July, and August) the 31st day may be used to check your system. Please remember to adjust your timers so that you will be back on schedule by the 1st of the next month.

Please locate your home on the attached map to determine your watering days (north is up.)
Your cooperation to the schedule (and to your neighbors) is appreciated!

As of April 7th snow pack levels in the central cascades were about normal. Typically, we receive irrigation water from KID between mid to late April.

If you have problems with line breaks, or water delivery, please call KID at 586-9111.

Sincerely,

The Keene Village Homeowner's Association Board
